ABOUT

Neon Naked offers a unique life drawing event for corporate events, private functions and alternative occasions.

Founded in 2017, Neon Naked is an immersive UV experience creating a colourful twist on a traditional idea. It has developed over 3 years with over 300 classes and is now happening continuously every week in multiple locations in London. The event has been held in many popular venues such as the Tate Modern, Victoria and Albert Museum, Youtube Space and Royal Society of Sculpture.

Described in Time Out magazine as *'it might look like a full moon party, but this afternoon of sketching is an experiment in light, colour and texture. Instead of being static figures, the models become 'living sculptures' covered in reactive body paints and under UV lights. Get some artful club vibes without leaving your seat.'*

The class provides a fun and vibrant introduction to creative life drawing. Several different mark-making techniques are taught, from pointillism to continuous line. The participants draw in neon art supplies to a fluoro painted life model who poses with several glowing props. The class is two hours long, with a short break halfway. The longest pose is usually around 12 minutes depending on the class, and at the end everyone shows their favourite drawings altogether.

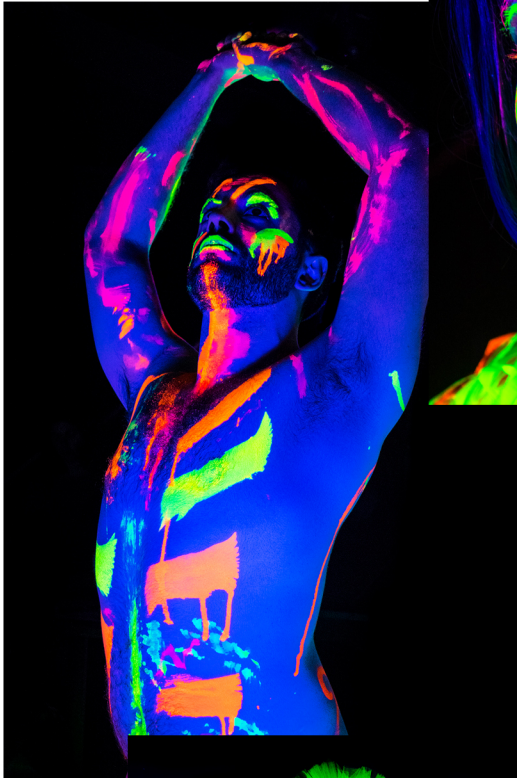

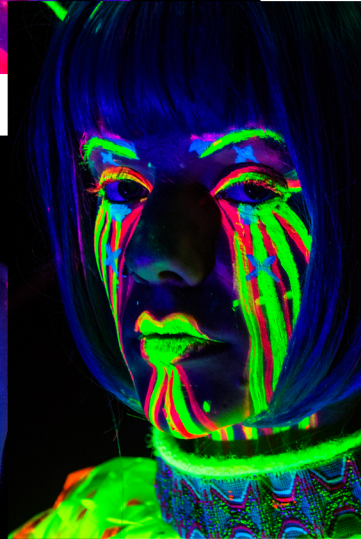

Private classes can easily be adjusted to suit your event whether it's a specific theme, model, or changes in time. Whatever you need, the experience and imaginative Neon Naked team are happy to help create the perfect experience.

EXTRAS

PERFORMANCE

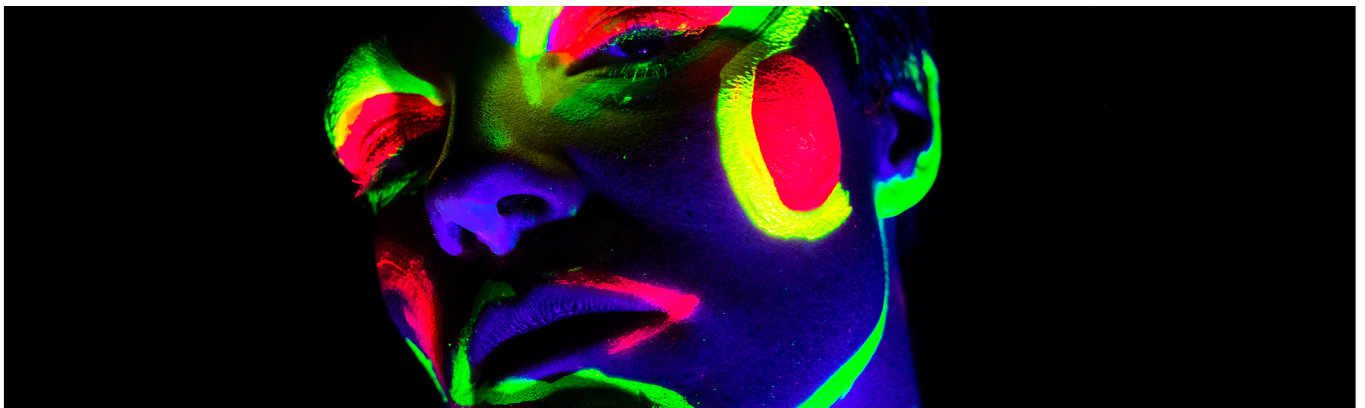

A number of my regular models have also several exciting professions from belly dancing, fan dancing, aerial hoop, LED hoop, alternative burlesque, contortion, shibari, and many more. If you would like a performer within the class enquire to find out what is available.

WALKABOUT

Planning on carrying on the party after the class, costumed models with experience in walkabout are available to make your event glow.

FACE PAINTING

Get truly immersed into the UV exploration and hire a face painter to paint you and your guest, perfect for hen parties.

PHOTOGRAPHY WORKSHOP

Instead of drawing, you might prefer a photography workshop. UV light takes time to get used to but when you do you can get some amazing images. 2 models minimum are advised for these workshops. Cameras are not provided.

DJ

A playlist is provided at all Neon Naked classes however if want something more professional for you guests a DJ can be booked.

THEMED EVENTS

Halloween, Easter, or Day of the Dead, we can create looks and activities to fit your theme.

SPECIFIC ART SUPPLIES

Want to try something a little different. Enquire about specific art supplies you prefer.

KIDS CLASSES

A class designed for children is available also. Instead of the life model draw we provide a costumed entertainer such as neon mermaids, super hero's and monsters.

VENUE

The venue is not provided for the workshop however here are several places that I've already taught at and recommend. However, I have also taught a number of smaller groups in people's houses and meeting rooms in office buildings for work events.

If you want to find a different location I need a space which is big enough to fit everyone seated, providing enough chairs and a table. Also has a good power supply, no faulty plug sockets. Preferably easy to make dark. Sometimes the function room in the local pub is the ideal place.
